REPORT OF SCHOOL BOARD.

The town school year commenced with only four schools in session, as it was understood that one family, with two pupils, was to move away immediately from the Mountain division, thus leaving only two of school age, and one of those very nearly fourteen years old. Those two were given the privilege of attending another school. As the family failed to move, we opened the fall term there with four pupils and continued it till the said family left town. There were registered in all schools 63 pupils, 32 boys and 31 girls. We greatly deplore the decreasing number in our schools. While we do not feel to criticise the law that allows the child to leave school at fourteen years of age, we can but think it is a sad mistake in many cases. Some of our own most efficient townsmen remained in district school and did good, thorough work till they were twenty and twenty-one years of age.

We would respectfully urge upon the parents that they teach their children that efficiency, not age, should be the limit of common school work.

There were 38 visits by the members of the School Board and 293 by parents and others.

The repairs have been mostly at East Sutton, and others of minor importance in each division. During the fall a well was dug at the North division, the water from which, thus far, has not proved satisfactory, but we trust it will prove more so in the future.

In accordance with the law we submit the following estimates of money needed to meet the statutory obligations of the coming year:

High school tuition	\$700.00
Books and supplies	150.00
Officers' salaries	150.00
Repairs	75.00
Flags	15.00
